“Krystal is an exceptionally talented make-up artist, whose capacities range from avante garde to a natural, commercial aesthetic. As a designer, I look for a MUA who listen to my vision, while offering constructive feedback and guidance. Krystal does both, all with a positive, upbeat

attitude and passion for her work. She is collaborative, thoughtful, thorough and professional. Thanks, Krystal!”

“Krystal is an amazing Makeup Artist, she applies the makeup with such creativity, the second she sees your face, she will know right there and then what look you need and what best fits your face. She is such a creative person herself and she brings joy and happiness to the workplace without distracting anyone and without it interfering with her job. I have to say, she is the best MUA I have worked with to date. She knows what will make your eyes pop, she knows what color to use for your cheekbones, she knows your face as soon as you walk in the door. She always looks for new ways to improve her skills, and I think that is very important.” January 12, 2011

“Krystal is an absolute delight to work with. She's reliable, talented, and the nicest woman you'd ever want to meet.
